MEMORANDUM FOR: The Secretary of Defense

SUBJECT: Proposed U-2 Reconnaissance Program for China

At the Special Group meeting on 16 August mention was made of concern for a more adequate U-2 reconnaissance program on Communist China, with particular regard to the continuing need for coverage of the Taiwan Strait area. I immediately requested the Committee on Overhead Reconnaissance to review reconnaissance requirements and outline a reconnaissance program covering the next six months. For your information and consideration I enclose a copy of this review. I am forwarding this paper to the Special Group for its consideration on 23 August.
